Conference venue²: Oslo, Norway

Conference start and end date: 05/07/2022 to 08/07/2022

Accepted contribution details

Title of the presentation: Health expectancies in the European Union: same concept, different methods, different results

Type of the presentation: oral

Co-authors: João Viana, Brecht Devleeschauwer, Juanita Haagsma, Cristina Costa Santos, Walter Ricciardi, Alberto Freitas

Other details of the presentation: Title of the session – “Health and Well-being measurement”

Outcome of the conference participation

There many attendees to this parallel session (probably around 40 participants) and the work was really well welcomed. Moreover, it triggered interesting discussions on the impact of different methods and quality of European surveys on overall burden of diseases and health system performance assessment.

Additionally, future steps were suggested and the conference helped to establish new contacts for collaboration and thus increasing the network and awareness/advocacy for our COST Action topic (burden of diseases).
